EWELL (T.) American family physician, detailing important means of preserving health, from infancy to old age. The offices women should perform to each other at births, and the diseases peculiar to the sex; also those of children and adults. With an appendix containing hints respecting the treatment of domestic animals, and the best means of preserving fish and meat. 8°. *Georgetown, D. C.*, 1826.

EYSSARTIER (Adèle). Le secret de la nature, ou la médecine d'une mère de famille. 12°. *Angoulême, [n. d.]*.

FALKENSTEIN (J. [A.]) *Arztlicher Reisebegleiter und Hausfreund; eine Anleitung zur Verhütung von Krankheiten, und Rathschläge zu deren Behandlung bei Mangel an ärztlicher Hilfe.* 2. Aufl. 16°. *Berlin*, 1891.

FAMILY (The) medical adviser. A practical treatise on hygiene, diet, and medical treatment at home. Showing the anatomy and physiology of the body and the functions of its different parts; the steps necessary for the maintenance of health and the attainment of long life, and the character, symptoms, and treatment of all diseases; with hints and advice on the health and management of women and children. 8°. *London*, 1888.

FAULKNER (T.) & CARMICHAEL (J. H.) The cottage physician; proven facts of medical science and family experience, most approved methods of treatment in all medical and surgical emergencies of the household, how to retain health, eradicate disease, and lengthen life. 8°. *Springfield, Mass.*, 1885.

FINKENSTEIN (R.) Die Volkskrankheiten; nebst einer Anleitung, wie man sich bei ihnen zu verhalten hat. 8°. *Oppeln*, 1857.

FISCHER-DÜCKELMANN (Anna). Die Frau als Hausärztin; ein ärztliches Nachschlagebuch der Gesundheitspflege und Heilkunde in der Familie mit besonderer Berücksichtigung der Frauen- und Kinderkrankheiten, Geburtshilfe und Kinderpflege. 100. Tausend. 8°. *Stuttgart*, [1903].

FISCHER's newest Hausarzt. Handbuch der Krankenpflege, und Anleitung zur schnellen Hilfe bei Erkrankungen und Unglücksfällen, nebst wertvollen Rathschlägen über die erste Kinderpflege. 12°. *Stuttgart, [n. d.]*.

FISK (J.) [Book of recipes, said to have been kept by Joseph Fisk, of Lexington, Mass., a surgeon in the Continental service during the entire Revolution.] MS. obl. 8°. [*n. p., n. d.*] The authorship is attested to by Samuel A. Green, of Boston.

FITCH (S. S.) Guide to invalids; with remarks on the cure of consumption, asthma, heart diseases, summer complaints, head-aches, dyspepsia, costiveness, piles, liver complaint, diarrhoea, dysentery, female diseases, management of children, etc. 12°. *New York*, [1849, *vel subseq.*].

FLETCHER (M. R.) Our home doctor; domestic and botanical remedies simplified and explained for family treatment. With a treatise upon suspended animation, the danger of burying alive, and directions for restoration. 8°. *Boston*, 1886.

FLEURY (C. R.) Modern household medicine; a guide to the mode of recognition and the rational treatment of diseases and emergencies incidental to daily life. 2. ed., revised and enlarged. 12°. *London*, 1884.

FLORINSKI (V. M.) Donashnyaya meditsina; lechebnik dlya narodnovo upotrebleniya. [Do-

Medicine (*Popular, Manuals of*) [*from A. D. 1800*].

mestic medicine; a medical book for popular use.] 3. ed. 8°. *S.-Peterburg*, 1887.

— The same. 4. ed. 8°. *S.-Peterburg*, 1890.

— The same. 5. ed. 8°. *S.-Peterburg*, 1892.

— The same. 8. ed. 8°. *S.-Peterburg*, 1903.

FOLGER (A. M.) The family physician; being a domestic medicine work, written in plain style, and divided into four parts: The first, devoted to hygiene, or the art of preserving health; the second, to the history and cure of general diseases; the third, to the history and cure of diseases incident to children and females, and, the fourth, to the history of medicines, etc. 8°. *Spartanburg, S. C.*, 1845.

FOLSOM (J.) The mariner's medical guide; designed for the use of ships, families, and plantations. Containing the symptoms and treatment of diseases; also a list of medicines, their uses, and the mode of administering, when a physician cannot be procured. 3. ed. 16°. *Boston*, 1864.

FOREMAN (R.) The Cherokee physician; or, Indian guide to health; comprising a brief view of anatomy, with general rules for preserving health without the use of medicines. The diseases of the United States, with their symptoms, causes, and means of prevention, are explained in simple terms. It also contains a description of a variety of herbs and roots, many of which are not explained in any other book, the medicinal virtues of which have hitherto been unknown to the whites; to which is added a short dispensatory, by James W. Mahoney. 3. ed. 8°. *New York*, 1857.

FRANK (G.) Guida ossia istruzione per ben conoscere e scegliere il medico. Opuscolo scritto per i non medici. Traduzione dal tedesco, con alcune annotazioni del traduttore. 16°. *Venezia*, 1802.

FRIEND (A) in need is a friend indeed. 8°. [*Dorchester, Mass.*, 1888.]

GARBIT (F. J.) The woman's medical companion and guide to health; a practical treatise on the diseases of women and children, with full and definite directions for their treatment, giving the causes, symptoms, and means of prevention or cure, with the latest and most approved methods of treatment adopted by all schools of medicine; their doses and modes of administration carefully prescribed. 2. ed. 12°. *Boston*, 1880.

GARDNER (J.) Household medicine; containing a familiar description of diseases, their nature, causes, and symptoms; the most approved methods of treatment; and the properties and uses of remedies, including many new and valuable medicines, with directions for preparing them; and rules for management of the sick-room; expressly adapted for family use. 8. ed., revised and enlarged. 8°. *London*, 1861.

— The same. 8. ed. 8°. *London*, 1873.

GIRAudeau (J.) [DE SAINT-GERVAIS.] Manuel de santé, ou l'art de guérir soi-même les dartres et les maladies organiques. 8°. [*Paris*, 1849.]

— Le médecin sans médecine. Conseils aux gens du monde pour guérir soi-même les dartres et toutes les maladies provenant de l'acreté du sang et des humeurs en détruisant leur principe par la méthode végétale. 24°. *Paris*, [*n. d.*].

Medicine (*Practice of, Systematic treatises on*) [*prior to A. D. 1800*].

— The same. 12°. *Genova*, 1722.

GLADBACH (J. B.) Præox medicæ idea novissima, in qua secundum solidiora veræ physicæ et sanioris medicinæ fundamenta omnium morborum origo ex quatuor cardinalibus concatenata serie deducitur, eorumque succincta ac perspicua medendi methodus explanatur. 2. ed. 16°. *Herbaria*, 1711.

GOMEZ DE LA PARRA Y AREVALO (A.) Polyantica medicis speciosa, chirurgis mirificæ, myrrepticis valde utilis et necessaria, in quinque partes divisa. 8°. *Matriti*, 1625.

DE GORDON (B.) [Lilium medicinæ septem particulis distributum.] [*Ad faciem*] Explicit liber medicinalis, qui intitulatur Lilium medicinæ, scriptus pro Henri Regis, pro quo Deum orate, anno Dei 1419. MS. fol.

— The same. [*Ad ii*] In nomine Dei misericordia incipit practica [etc.]. fol. [*Ferraria*, 1483.]

— The same. fol. *Lugduni*, 1491.

— The same. Practica . . . medicinæ lilium nuncupata: quæ septem particulis distinguitur. fol. *Venetis*, 1521.

— The same. Opus lilium medicinæ inscriptum de morborum prope omnium curatione, [etc.]. 16°. *Lugduni*, 1550.

— The same. 12°. *Lugduni*, 1574.

— The same. Lilium medicinæ [etc.]. 16°. *Frankfurti*, 1617.

— The same. Lilio de medicina. Lo contenido en este presente volumen de Bernardo Gordonio es lo siguiente. Primeramente los siete libros que se intitulan Lilio de medicina [etc.]. fol. *Toledo*, 1513.

[DE] GORTER (J.) Praxis medicæ systema. 8°. *Harderici*, 1750.

— The same. Ed. secunda italica ab auctore ipso emendata atque aucta. In 2 pts. roy. 8°. *Patavii*, 1756.

— The same. Revisum et auctum a Davide de Gorter, Joh. lib. Accessit auctoris biographia. 8°. *Harderici*, 1767.

— The same. Nieuwe gezuiverde heelen-ten in het Latyn beschreven. In het Nederdults overgezet door Hendrik Korp. 12°. *Amsterdam*, 1751.

DE GRADI (J. M.) Practica seu commentaria in nonum Rasis ad Almansorem, in quibus morborum omnium, qui unamquamque humani corporis partem invadunt, natura, signa, causæ, curationesque, hinculentissime explicantur. Antonii Gradii . . . de febribus aureum opusculum. fol. *Venetis*, 1560.

GRÜLING (P.) Medicinæ practicæ libri quinque, in quibus non modo omnes fere corporis humani morbi describuntur, verum etiam eorum causæ, signa, prognoses et curationes perspicue proponuntur; jam et hæc plane nova, post obitum auctoris, diligenter recensiti et . . . iisque optinis experimentis locupletati. roy. 8°. *Lipsiæ*, 1673.

GUBERTUS (P.) Medici-officiosi opera. Centies antehac Gallicè edita nunc primum Latine reddita. 12°. *Parisiis*, 1649.

HAFFENKREFFER (S.) Raphael, artem medicam feliciter cum inchoandi, tum continuandi absolventi, tractandique fideliter informans; nec non rationes peregrinandi et pharmacopoliæ visitandi aphoristicè docens. 24°. *Tubingæ*, 1622.

HANSEL (J. G.) Medicina brevis; or, a short account of the primary cause of most diseases, with their signs, symptoms, and cure. 16°. *London*, 1714.

HARTMANN (J.) Officina sanitatis, sive praxis chymiatrica plane anrea . . . Totius corporis

Medicine (*Practice of, Systematic treatises on*) [*prior to A. D. 1800*].

partium anatomica descriptione illustrata atque compluribus areanis experimentis et secretioribus preparationibus locupletata a Johanne Hiskia Cardiluccio. 4°. *Noribergæ*, 1677.

HEDIN (S. A.) Handbok för praktiska läkare-vetenskapen. [Manual of practical medical science.] 8°. *Stockholm*, 1796.

— The same. 8°. *Stockholm*, 1797.

HEISTER (L.) Compendium medicinæ practicæ, cui præmissa est de medicinæ mechanice præstantia dissertatio. 8°. *Amsteladami*, 1743.

— The same. 12°. *Venetis*, 1759.

— The same. Compendium of the practice of physic. Transl. by Edmund Barker. 8°. *London*, 1757.

HELLWIG (C.) Praxis medica, oder richtige Anweisung, wie ein angestrender Practicus medicinæ, durch göttlichen Beystand, cito, tuto, feliciter et jucunde, geschwinde, sicher, glücklich, und annehmlich, ohne theure Recepte, auch ohne grosse Kosten, die Krankheiten der menschlichen Leiber curiren, solche auch und ihre Symptomata erkennen, und die Ursachen, woher sie entspringen, ausfinden möge, [etc.]. 12°. *Leipzig*, 1710.

DE HERRENSCHWAND (G.) Trattato delle principali e delle più frequenti malattie esterne ed interne ad uso degl' iniziati in medicina . . . Opera tradotta dal francese, con note ed aggiuntta di nuovi articoli. 2 v. 8°. *Milano*, 1789.

HEURNIUS (J.) Praxis medicinæ nova ratio; qua, libris tribus methodi ad praxin medicam, aditus facillimus aperitur ad omnes morbos curandos. Recognita et emendata ab auctore, et auctior et melior reddita; ita ut jam extrema manu ficta, et manumissa ab eo sit. 16°. *Lugd. Bat.*, 1599.

— The same. Ex accurata recensione Zachariæ Silvii. 12°. *Rotterdam*, 1640.

HOFMANN (C.) Pathologia parva in qua methodus Galeni practica explicatur, quam olim Fr. Frisimelica promiserat. 16°. *Jenæ*, 1640.

HOLLERIUS Stempanus (J.) De morborum interiorum curatione liber I, illustratus eruditissimus Ludovici Dureti . . . Admonitio ad lectorem de viatico novo nuper in Germania Caspari Wolphili furto exessio. 12°. *Parisiis*, 1567.

— The same. De morbis internis libri II. Anto. Valetii opera jam nunc multo quam antehac auctiores et emendatiores facti . . . Accesserunt ejusdem Holleri ad lib. Galeni κατὰ τὸν ποιοῦν Periœche viii, itemque de materia chirurgica lib. III, singula castigatiora. 16°. *Parisiis*, 1571.

— The same. 8°. *Venetis*, 1572.

— The same. . . . 12°. *Parisiis*, 1577.

— The same. 24°. *Frankfurti*, 1591.

— The same. 24°. *Frankfurti*, 1604.

HORST (G.) Έπερίσυνα παθολογικὰν de morbis eorumque causis liber, cum declaratione controversiarum, in gratiam studiosæ juventutis in Academia Giessensæ per semestere vernale anno mdcxii propositus. 4°. *Giessæ*, 1612.

— The same. Accesserunt ejusdem de febribus cognoscendis et curandis exercitationes. Olim in academia in gratiam studiosæ juventutis proposita, jam autem ab auctore vicissim revise. 16°. *Marpurgi Cottorum*, 1629.

JOHNSON (R.) Enchiridion medicum, or a manual of physic; being a compendium of the whole art, in three parts, viz: I. Of diseases of the head. II. Of diseases of the breast. III. Of diseases of the belly. 2. ed. 12°. *London*, 1684.

JONSTON (J.) Idea universæ practicæ, libris viii absoluta. Ed. novissima. 12°. *Amsterdami*, 1644.

Medicine (*Practice of, Systematic treatises on*) [*prior to A. D. 1800*].

— The same. Libris xii absoluta. 24°. *Amsterdami*, 1655.

— Syntagma universæ medicinæ practicæ; libri xiv. 12°. *Fratislavia*, 1673.

— The same. 16°. *Jenæ*, 1674.

JÜNGKEN (J. H.) Praxis medicina, sive corporis medicina, morborum internorum corporeæ machinæ fere omnium, et fiendi et curandi methodum, juxta modernorum practicoꝝ saniora principia nudis exhibens terminis. Ed. altera. 12°. *Frankfurti*, 1698.

— Manuale, sive vade mecum praxeos medicæ modernæ, pro memoria sublevanda conscriptum. Ed. secunda. 2 v. in 1. 12°. *Frankfurti*, 1707.

DE KETAM (J.) Incipit fasciculus medicinæ: tractatus de anothomia et diversis infirmitatibus; et corporis humani; cui annectuntur multi alii tractatus per diversos excellentissimos doctores compositi. Necnon Practicoꝝ Mundini. fol. *Venetis*, 1500.

— The same. Fasciculo di medicina vulgare, in quale si contiene le sottoscritte cosse per sanita del corpo humano: el modo de indicar la urina per li soi colori de tute le infirmita del corpo humano scritto in figura, [etc.]. fol. [n. p., 1509.]

LANGRISH (B.) The modern theory and practice of physic, wherein the antecedent causes of diseases, the rise of the most unusual symptoms incident to them, and the true methods of cure are explained according to the established laws of nature, [etc.]. 2. ed. 8°. *London*, 1738.

LEO. Leonis philosophi et medici conspectus medicinæ. Λεοντος φιλοσοφου και ιατρον συνόψις ιατρικης.

In: ERMERIN (F. G.) Anecdota med. Græca. 8°. *Capv. Bat.*, 1840, 79-221.

LIDDEL (D.) Ars medica succincta et perspicue explicata. Altera editio emaculator. 16°. *Hamburgi*, 1617.

LIEUTAUD (J.) Précis de la médecine pratique, contenant l'histoire des maladies et la manière de les traiter; avec des observations et remarques critiques sur les points les plus intéressants. 4. ed. 4 v. 12°. *Rouen*, 1787.

— The same. Compendio della medicina pratica, che contiene l'istoria delle malattie, e la maniera di trattarle; con osservazioni e riflessioni critiche intorno ai punti più rilevanti. Trad. della lingua francese. 8°. *Venezia*, 1774.

LONDON (The) practice of physic. For the use of physicians and younger practitioners, wherein the definition and symptoms of diseases are laid down, and the present method of cure, with the doses of medicine now given. 12°. *London*, 1769.

— The same. La médecine pratique de Londres, précédée d'un discours sur la meilleure méthode de poursuivre les recherches en médecine, et suivie des observations sur les maladies épidémiques de James Sims. Le tout traduit de l'Anglois par J. F. de Williers et Jambert. 3 v. 16°. *Yverdon*, 1779.

LONICERUS (A.) Omnium corporis humani affectuum explicatio methodica. In qua mira brevitate ac perspicacitate singulorum morborum causæ et scaturigines traduntur. Publicante Tenc. Annæo Privato. 12°. *Frankfurti*, 1594.

LOVE (J.) Clavis medicina, or a new method of physick; shewing divers rare and special remedies for most diseases; likewise an excellent way to cure the gout and to dissolve the stone. 16°. *London*, 1675.

Medicine (*Practice of, Systematic treatises on*) [*prior to A. D. 1800*].

MACBRIDE (D.) A methodical introduction to the theory and practice of the art of medicine. 2. ed. 2 v. 8°. *Dublin*, 1777.

— The same. Introductio methodica in theoriam et praxin medicinæ. Ex lingua Anglicæ in Latinam convertit Joh. Fredericus Clossius. 2 v. 8°. *Traject. ad Rhenum*, 1774.

— The same. 8°. *Lausanne*, 1783.

MAGNINUS *Mediolanensis*. Regimen sanitatis . . . Atrebatensi episcopo directum, feliciter incipit . . . Opus equidem non parum utile omni cum diligentia in hoc volumen redactum feliciter explicit. 8°. *Lovanii*, 1482.

— The same. 4°. *Parisiis*, 1483.

— The same. 4°. [*Basileæ*, 1493.]

— The same. 4°. *Argentino*, 1503.

— The same. Insuper opusculum de flebothomia editum a perspicacis ingenii viro magistro Reginaldo de Villa Nova. Additur quoque astronomia Hippocratis facile omnium medicorum principis de variis ægritudinibus et morbis. Item secreta Hippocratis. Item Averrois de venenis, [etc.]. 4°. *Lugduni*, 1517.

— The same. 4°. [*Parisiis*, 1565.]

— The same. 4°. [*Basileæ*, n. d.]

DE MANFREDI (H.) Liber de homine: ejus sunt libri duo. fol. *Bononiæ*, 1474.

— The same. Opera nova intitolata: Il perchè, utilissima ad intendere le cagioni de molte cose, et maximamente alla conservazione della sanità [etc.]. 12°. *Venezia*, 1523.

— The same. Tradotto di latino in italiano, et dall' istesso in assai luoghi dilucidato e illustrato, [etc.]. 16°. *Venezia*, 1591.

MARQUARDUS (J.) Practica theoria empirica morborum interiorum, cui duo tractatus de lue venerea accesserunt, unus Lucei Ghini, alter Hieronymi Capivacci. Omnia nunc denuo recensita, et diligenter recognita. 16°. *Spire Neumani*, 1592.

MARYAT (T.) Handbuch der praktischen Arzneikunst für denkende Aerzte. Nach der 12. englischen Ausgabe vertescht. 8°. *Leipzig*, 1793.

DE MAYERNE (Sir T. T.) Præcox Mayernianæ ex adversariis, consiliis ac epistolis ejus summa cura ac diligentia concinnatum [etc.]. 8°. *Londini*, 1692.

— The same. La pratique de médecine, avec le régime des femmes grosses. Et un traité de la goutte du même auteur. 16°. *Lyon*, 1693.

MERCADO (L.) Praxis medica, nunc primum hic in lucem edita, in quatuor partes divisa: I. De cognoscendis et curandis internarum corporis humani partium affectibus. II. De morbi Gallici natura, causis, symptomatibus et therapia. III. De morbis hereditariis. IV. De febrim essentialia, differentibus, causis, signis et curatione, [etc.]. fol. *Venetis*, 1608.

MERCKLIN (G. A.) Practica, aus den firnuesten Secretis. 1. Von allerhand Leibskrankheiten. 2. Von Ursprung der offenen Schädlen und jrer Heylung. 12°. *Strassburg*, 1575.

MERCURIALIS (H.) Medicina practica, seu de cognoscendis, discernendis et curandis omnibus humani corporis affectibus, earumque causis indagandis, libri v. In Patavino Gymnasio olim ab ipso publice prælecti, et post obitum authoris publici boni causa in lucem editi, studio et opera Petri de Spina. roy. 8°. *Lugduni*, 1618.

— The same. 8°. *Lugduni*, 1623.

MESUA *Damascenus* (J.) De re medica libri tres. Jacobo Sylvio medico interprete, [etc.]. 16°. *Lugduni*, 1548.

— The same. 12°. *Lugduni*, 1550.

Medicine (*Practice of, Systematic treatises on*) [*prior to A. D. 1800*].

— The same. 12°. *Parisiis*, 1553.

— The same. 16°. *Lugduni*, 1566.

MEYSSONNIER (L.) Traicté des maladies extraordinaires nouvelles, ou desquelles Guyon n'a pas écrit.

In: GUYON (L.) Le cours de médecine [etc.], 4°. *Lyon*, 1664, ii, 263-303. Also: *Ibid.* 4°. *Lyon*, 1678, ii, 237-273.

MODERN (The) practice of the London hospitals, viz. St. Bartholomew's, St. Thomas's, St. George's, and Guy's; containing exact copies of the receipts, and a particular account of the different methods of cure, at the different hospitals, [etc.]. 12°. *London*, 1764.

— The same. 3. ed. 12°. *London*, 1770.

MONTUUS (H.) Compendium curatriæ scientiæ longe utilissimum. Adjecta insuper est ejusdem sylloge de purgationibus. 24°. *Lugduni*, 1556.

MORONUS (M.) Directorium medico-practicum præternaturalium affectuum cum simplicium, tum complicatorum, de quibus peculiare extant gravissimorum virorum consultationes, epistolæ, responsiones, observationes, historie, etc. Medicis præsertim tyronibus, que consimilibus in casibus imitantur exempla præmonstrantes. 12°. *Lugduni*, 1647.

— The same. Jam primum in Germania editi, varisque auctorum exemplis aucti, opera et studio Sebastiani Schefferi. sm. 4°. *Francof. ad Mœnum*, 1663.

MÜLLER (J. C.) Praxis medica imperfecta, sive fundamentum medicorum disputabilitas, quam brevissimis hinc lineis adumbrare, imprimi vero horum omnium sententiam a nobilissimo Bisioli . . . expetere voluit. 12°. *Parmæ*, 1695.

MYREPSUS (N.) Medicamentorum opus, in sectiones quadraginta octo digestum, hæcenus in Germania non visum, omnibus tum medicis, tum plebsiaris mirum in modum utile a Leonharto Fuchsio . . . e Greco in Latinum recens conversum luculentissimisque annotationibus illustratum. fol. *Basileæ*, 1549.

NEUSCHWEINDE Praxis der Medicinæ, worin angewiesen wird, dass alle Krankheiten eine Verdickung des Bluts und der Säfte sind, und bloss von Sauer und Schleim entstehen. . . . Hrsg. durch Steph. Blankard, aus der holländ. in unsere Mutter-Sprache übersetzt von G. H. W. 16°. *Hannover & Wolfenbüttel*, 1700.

NOOTNAGEL (D.) Handbuch für practische Aerzte. v. 1. 12°. *Hamburg & Leipzig*, 1784.

NUÑEZ (F.) Tratado de medicina, intitulado: Aviso de sanidad, dividido en tres libros, en el qual ay muchos exemplos y reglas para saber el tiempo y hora en la qual qualquier enfermo ó sospechoso de su salud se pñeda seguramente sangrar y purgar y exercitar y dietar, ó quando no lo deva de hazer sacado de la doctrina de Hippocrates y Galeno. 12°. *Madrid*, 1569.

PAULUS Ægineta. Παύλου Ἀγινέτου Βιβλία ἱππια. Pauli Æginetæ libri septem. fol. *Venetis*, 1528.

— The same. fol. *Parisiis*, 1532.

— The same. 8°. *Basileæ*, 1538.

— The same. Opus de re medica, nunc primum integrum, Latinitate donatum per Joannem Guinterium Andernacum. 16°. *Venetis*, 1542.

— The same. Opera a Joanne Guinterio Andernaco conversa [etc.]. fol. *Argentorati*, 1542.

— The same. Medicinæ totius enchiridion [etc.]. 12°. *Basileæ*, [1546].

Medicine (*Practice of, Systematic treatises on*) [*prior to A. D. 1800*].

— The same. Medicinæ totius enchiridion septem libris universam recte mendiandi rationem complectens [etc.]. 12°. *Basileæ*, 1551.

— The same. Totius rei medicæ libri vii [etc.]. fol. *Basileæ*, 1556.

— The same. Opera Joanne Guinterio Andernaco interprete, [etc.]. 16°. *Lugduni*, 1567.

— The same. Albano Torino Vitodurensi interprete, [etc.]. fol. *Basileæ*, 1582.

— The same. Opera Joanne Guinterio Andernaco interprete, [etc.]. 12°. *Lugduni*, 1589.

— The same. 16°. *Venetis*, 1592.

— The same. The medical works of Paulus Ægineta. Transl. into English. . . . By Francis Adams. 8°. *London*, 1834.

[PEREZ DE ESCOBAR (A.)] Medicina patria, 6 elementos de la medicina práctica de Madrid, puede servir de aparato á la historia natural y médica de España. sm. 4°. *Madrid*, 1788.

PETRUS DE ABANO. Conciliator differentiarum philosophorum: et præcipue medicorum . . . Petri de Abano Patavini feliciter incipit. Prologus, [etc.]. fol. [Venetis, 1476.]

— The same. . . . collatusque cum exemplari quod fuerat manu propria castigatum senis illius nostra tempestate celeberrimi Joannis Aquilani, [etc.]. fol. [Venetis, 1521.]

— The same. fol. *Venetis*, 1545.

— The same. . . . opera Gregorii Horsti. Ed. nova. 16°. *Giesæ*, 1621.

PICCOLUS (A.) Technæ iatricæ, sive artis medicinalis libri tres, quibus, quæcumque ad dignoscendas, curandasque omnes humani corporis ægritudines perquiruntur, brevi facilique methodo explanantur. Accessit ejusdem, De medicamentis, que in mendo maxime usu veniunt, libellus. roy. 8°. *Venetis*, 1664.

PIGRAY (P.) Épitome des préceptes de médecine et chirurgie, [etc.]. 12°. *Parisiis*, 1699.

— The same. 16°. *Rouen*, 1615.

— The same. 16°. *Rouen*, 1638.

— The same. 8°. *Rouen*, 1642.

— The same. 12°. *Rouen*, 1666.

— The same. 12°. *Lyon*, 1673.

— The same. 8°. *Rouen*, 1681.

— The same. 12°. *Parisiis*, 1612.

— The same. 12°. *Rouen*, 1622.

PIQUER (A.) Praxis medica ad usum scholæ Valentine. sm. 4°. *Matriti*, 1764.

— The same. sm. 4°. *Matriti*, 1770-72.

PITCAIRN (A.) Elementa medicinæ physico-mathematicæ, libris duobus, quorum prior theoriam, posterior praxin exhibet, in gratiam medicinæ studiosorum delineata. Nunc primum in lucem edita. 8°. *Londini*, 1717.

— The same. 8°. *Hagæ*, 1718.

— The same. 4°. *Neapoli*, 1721.

— The same. 8°. *Venetis*, 1733.

— The same. The philosophical and mathematical elements of physic . . . Transl. from the correctest impression of the Latin. 8°. *London*, 1718.

PLINIUS Secundus, junior. De re medica libri v. accuratius recogniti, et (notis ac pseudographis semotis) ab innumeris mendarum millibus, fide vetustissimi codicis repurgati.

In: RE (De) medica, [etc.]. fol. *Basileæ*, 1528, 13-98.

PLOCCQUET (W. G.) Pathologie mit allgemeiner Heilkunde in Verbindung gesetzt. 12°. *Tübingen*, 1798.

POLYBIUS of Coos. Opere utilissima in medicina, tradotte nuovamente di greco in italiano per Pietro Lauro. Di conservare la sanità, ovvero

Medicine (*Practice of, Systematic treatises on*) [prior to A. D. 1800].

—, modo di vivere de' sani, lib. i. De la natura de l'humano seme, libro ii. De le malattie del corpo, libri iii. sm. 4°. *Venetia*, 1545.

RAVASIUS (J.). Opera medica theorico-practica, sive tractatus de quidditate, signis, causis, prognosi, et curatione precipuorum morborum, in praxi occurrentium. 12°. *Massæ*, 1751.

RHAZES (Abu Bekr Muhammed Ben Zakhariah Abrazi). Tractatus x. medici. Ejusdem liber divisionum et alii tractatus. Experimenta Galieni et Hippocrates opuscula aliquot et aphorismi Joannis (Mesue) Damasceni, [etc.]. fol. *Mediolani*, 1481.

—, Continens: Quisquis es qui antiquiores illos et nunquam satis laudatos anctores in medicinali disciplina sectari studes. En tibi liber quem in medicina edidit Abucbare filius Zacharie Rasis, vir qui nulli perfecto inter Arabas auctores, auctoritate, doctrina, judicio aut experientia fuit secundus, [etc.]. fol. *Venetis*, 1529.

RI (T.). I gaku niu mon. [The introduction to the medical sciences. Transl. by Heraku Murayme from the Chinese.] 15 v. 8°. [*Kioto*, 1711.]

Japanese text.

BISSAUGE (R.) Médecine vétérinaire. Premier secours en cas d'accidents et de maladies subites. 16°. *Paris*, 1894.

BRACKEN (H.) Farriery improved, or a complete treatise upon the art of farriery, wherein is fully explain'd the nature, structure, and mechanism of that noble and useful creature, a horse. 8°. *London*, 1737.

BREDIN. Observations en réponse au mémoire de M. Lafosse sur l'Ecole royale vétérinaire d'Alfort. 12°. *Lyon*, 1790.

BUZWIŃSKI (L.) Poradnik weterynaryjny. [Veterinary adviser.] 8°. *Warszawa*, 1887.

BUISSON, dit DUBUISSON (F.-S.) De l'éméite, ou doctrine médicale nouvelle appliquée à beaucoup de maladies des animaux domestiques, spécialement à la pousse, à la morve, à la gourme et à la fourbure du cheval; accompagnée d'une esquisse analytique des doctrines médicales et suivie d'un grand nombre d'observations diverses. 8°. *Paris*, 1838.

CALVO (F.) Libro de albeiteria, en el qual se trata del cavallo, mulo, y jumento, y de sus miembros, y calidades, y de todas sus enfermedades, con las causas, [etc.]. fol. *Madrid*, 1675.

COCULA (J.-A.) Conseils pratiques sur la médecine vétérinaire. 12°. *Cahors*, 1888.

CRESSY (N.) Facts and fallacies in veterinary science, or what the farmers should know about diseases of animals. 8°. *Hartford, Conn.*, 1881.

Repr. from: Rep. Sec. Conn. Bd. Agric., 1881.

DEGROIX. Médecine comparée; parallèle entre le choléra-morbus et le typhus contagieux des bêtes à cornes. Lecture faite à l'Académie de médecine le 19 janvier 1865. 12°. *Paris*, 1866.

DESAIVE (M.) Les animaux domestiques considérés sous le rapport de leur conservation, de leur amélioration et de la guérison de leurs maladies, ou guide théorique et pratique du propriétaire, du fermier, du cultivateur, de l'éleveur, de l'engrenisseur, du chasseur, etc. 8°. *Liège*, 1842.

FUCHS (C. J.) Wegweiser in die Thierheilkunst. Vorlesungen. 8°. *Berlin*, 1850.

GOHIER (J.-B.) Tableau synoptique des coutumes suivies dans la plupart des ci-devant provinces de France à l'égard des cas réfractaires des animaux. broadside, elephant. fol. *Lyon*, [n. d.].

Medicine (Veterinary).

—, Mémoires et observations sur la chirurgie et la médecine vétérinaires. Ouvrage couronné en grande partie par la Société d'agriculture du département de la Seine. 8°. *Lyon*, 1813.

GIRARD (N. F.) Ippodonteologia, accresciuta del trattato sull' età del bove, della pecora, del cane e del majale, da G. Girard. Versione con note ed aggiunte del veterinario Carlo Cros. 8°. *Milano*, [1833-5?].

GRAEBKE (P.) Ueber den Einfluss der Umgestaltung der Verkehrsverhältnisse auf die Konjunktiven der tierischen Produktion und auf Viehzucht in der letzten Hälfte des 19. Jahrhunderts. [Jena.] 8°. *Berlin*, 1900.

HANDWOERTEBUCH der gesammten Thierheilkunde und Thierzucht, mit Inbegriff aller einschlägigen Disciplinen und der speciellen Etymologien unter Mitwirkung der Herren: . . . Abtheilner, Dr. Anacker [et al.]. Hrsg. von A. Koch. v. 1, Lfg. 1 & 2. 8°. *Wien & Leipzig*, 1895.

HOUWINK (A.) Wetten en besluiten tot regeling van het veerartsenijkundig staatsrecht en de veerartsenijkundige politie, voor zooverre die nog van kracht zijn. Handleiding bij het voorkomen van besmettelijke veeziekten. 24°. *Meerm*, [1902].

HUIDEKOPPEL (K. S.) The M. D. V. as a specialist. Development and present aims of the veterinarian. Cutting from: Boston Evening Transcript, 1901.

HUZARD (J.-B.) Notice sur les mots "hippiatrie", "vétérinaire" et "maréchal". 3. éd. 12°. [*Paris*, 1816.]

—, Esquisse de nosographie vétérinaire. 2. éd. 8°. *Paris*, 1820.

INGRASSIAS (J. P.) Quod veterinaria medicina formaliter una, eademque cum nobilibus hominis medicina sit, materie duntaxat dignitate, seu nobilitate differens: Ex quo veterinarii quoque medici, non minus, quam nobiles illi hominum medici, ad regiam protomedicatus officii jurisdictionem pertineant. 8°. *Venetis*, 1565.

INSTRUCTIONS et observations sur les maladies des animaux domestiques; avec les moyens de les guérir, de les préserver, de les conserver en santé, de les multiplier, de les élever avec avantage, et de n'être point trompé dans leur achat. On y a joint l'analyse des ouvrages vétérinaires, anciens et modernes, pour tenir lieu de tout ce qui est écrit sur cette science. Ouvrage . . . rédigé et publié par les CC. Chabert, Flandrin et Huzard. 6 v. 8°. *Paris*, [1799]—1808.

Années 1782-90, [v. 1] and v. 2, are 3. éd.; année 1792 [v. 3] and v. 4-6 is 2. éd.

JESSEN (P.) Mittheilungen aus dem Veterinairfache. 8°. *Dorpat*, 1849.

DE JONG (D. A.) Jzn. Veterinaire pathologie en hygiène. Mededeelingen en onderzoekingen. 8°. *Leiden*, 1900.

—, The same. 2. reeks. 8°. *Leiden*, 1901.

KALENDAR dlya veterinarnikh vrachei. [Calendar for veterinary physicians.] 1896. [Sostavil G. I. Svetloff. Compiled by G. I. Svetloff.] 16°. *S.-Peterburg*, 1896.

KURZES Repetitorium der Thierheilkunde; zum Gebrauche für praktische Thierärzte, Studierende der Thierheilkunde, Landwirte, etc.; mit Berücksichtigung der veterinär- und sanitätspolizeilichen, sowie der forensischen Vorschriften. Bearbeitet von einem Thierarzte nach den Werken von Anacker, Dickerhoff [et al.]. 12°. *Leipzig & Wien*, 1892.

Medicine (Veterinary).

LAFOSSÉ. Observations et découvertes d'hippiatrique. 8°. *Paris*, an IX [1801].

LESSONA (C.) Istruzione sopra le affezioni perniciose del bestiame, pubblicata d'ordine del magistrato generale di sanità del Piemonte. 8°. *Torino*, 1824.

LEVIN (J.) Vergleichende Darstellung der von den Hausthieren auf Menschen übertragbaren Krankheiten. Nach seiner von der medicinischen Facultät zu Berlin gekrönten Preisschrift bearbeitet. 8°. *Berlin*, 1839.

MARTIN (P.) & SCHLAMP (K. W.) Klinische Terminologie der Tierheilkunde. 12°. *Wiesbaden*, 1887.

—, The same. Sammlung der in den tierärztlichen Kliniken gebräuchlichsten technischen Ausdrücke. Neue Ausg. 12°. *Wiesbaden*, 1891.

MASSÉ (J.) L'art vétérinaire, ou grande maréchalerie; en laquelle est amplement traité de la nourriture, maladies et remèdes des bestes chevalines. 8°. *Paris*, 1563.

MAZZANTI (E.) Casistica d'anatomia patologica zootica. 8°. *Parma*, 1901.

MOELLER (H.) Rukovodstvo po glaznim bolozniam dlya veterinarnikh vrachei. Perevod A. B. Nadelja. [Handbook of diseases of the eye for veterinary physicians.] 8°. *Kharkov*, 1890.

MOORE (V. A.) The influence of animal experimentation upon agriculture. 8°. *Ithaca*, 1895.

—, Cutting from: Proc. Soc. Prom. Agric. Sc., 1896, 22-34.

MOREL (F.-L.) Exposé des causes qui retardent le progrès de la médecine vétérinaire. 8°. *Paris*, 1822.

PERALES (V.) Treccinio pratico veterinario chimico-Galenico. Breve metodo da medicar cavalli per razionali indicazioni. 4°. *Modena*, 1751.

PLACITUS Papyriensis (S.) De medicina animalium, bestiarum, pecorum, et avium, cum scholiis Gabrielis Humelbergii Ravensburgensis medici. 12°. [n. p.], 1539.

PLEHN (B.) Der staatliche Schutz gegen Viehsuchen. Anhang: Die wichtigsten Viehsuchen, bearbeitet von Froehner. 8°. *Berlin*, 1903.

RODET (J.-B.-C.) Doctrine physiologique appliquée à la médecine vétérinaire, ou de la nature et du traitement de différentes maladies, et en particulier de la gourme, de la fourbure, de la morve, du farcin, de la pousse, des fièvres gastriques, des pleuro-péritoneumonies aiguës, etc., éclairés par de nouvelles observations et par leur étude anatomico-pathologique. 8°. *Paris*, 1828.

RUELLIUS (J.) Veterinariae medicinae libri ii. fol. *Parisii*, 1530.

—, The same. Τὸν ἱππιατρικὸν βιβλίον δύο. Veterinariae medicinae libri duo, olim quidem latinatim donati, nunc vero fidem sua, hoc est Graeca lingua primum in lucem editi. 8°. *Basileae*, 1537.

—, The same. Zwey nützliche sehr gute Bücher von allerley Gebrechen und Krankheiten, damit die Rosse, Maulesel, und andere vierfüßige Thiere, welche etwas schwer tragen, oder ziehen, geplaget, darinnen eigentlich beschrieben. fol. [Eger], 1571.

SCHEMATA zu Temperatur-, Puls- und Respirations-Kurven von Tieren. 8°. *Hannover*, [1853].

SCHNEIDEMÜHL (G.) Die thierärztliche Laufbahn im Deutschen Reiche; für Studierende der Thierheilkunde, und Alle, welche sich diesem Standum zu widmen gedenken; nach dem gegen-

Medicine (Veterinary).

wärtigen Stande des Thierarzneiwesens bearbeitet. 8°. *Kiel & Leipzig*, 1892.

SECCIÓN de medicina veterinaria de el Fomento de las artes. Trabajos científicos y profesionales presentados y discutidos en esta sociedad académica. 2. v. 8°. *Madrid*, 1898-9.

THIERMEDIZINISCHE Vorträge. Unter Mitwirkung von Doctoren Albrecht, Azary [et al.] hrsg. von G. Schneidemühl. v. 1 & 2. 8°. *Leipzig*, 1890-92.

TOPIQUE de François Bauchière contre les maladies: le pétéin, la picote ou clavelée des espèces ovine et caprine; le pétéin, la ecocote, sarlangue ou fièvre aphtheuse de l'espèce bovine; le crapand, les grappes, le farcin, les plaies d'été, les plaies de collier, la plaie furunculose dite cornillon, la seime, le couronnement du genou, et généralement tous les maux externes de l'espèce chevaline; le pétéin de l'espèce porcine; la gale du chien et autres animaux. 8°. *Toulon, (Var)*, 1869.

VERZEICHNISS von Abhandlungen (Dissertationen, Gelegenheitschriften, etc.) aus dem Gesamtgebiete der Medizin und Thierheilkunde, hrsg. und zu beziehen von der Zentralstelle für Dissertationen und Programme, von Gustav Pöck in Leipzig. In systematischer Anordnung. 8°. *Leipzig*, 1888.

VETERINÄR-MEDICINISCHE Ansätze von G. Pfing. Hft. 1 & 2. 8°. *Wien*, 1892.

VETERINARY (The) profession; its relation to the health and wealth of the nation, and what it offers as a career. Comprising several short articles by officers of the University of Pennsylvania and alumni of its veterinary school. 12°. *Philadelphia*, 1897.

Medicine (Veterinary, Popular).

VON AKEN (F. M.) Hus- och land-apotheque, bestående af approprerade och sakra medel, til boskaps, färs, samt andra kreaturs preservation och eruerande, uti de valnigle påkommande sjukdomar och färsoter; jämteval til at nöda wargar, räfwar, loar, björnar, rof-foglar, med flere odjur, säson ohyra i hnen. Andra gungen uppladt och förbättrad, medelst rictiga slags, eller specierum, tilredelser, jente praxis och reglor; till allmän tjänst och gemensam nytta. [House and country apothecary; consisting of approved and safe remedies for cattle, sheep, and other creatures, to preserve and to cure of several diseases and epidemics befalling them.] 16^p. Skara, 1747.

BARNUM (H. L.) The American farrier; containing a minute account of the formation of every part of the horse, from the extremity of the head to the hoof; with a description of all the diseases to which each part is liable, the best remedies to be applied in effecting a cure, and the most approved mode of treatment for preventing disorders; accompanied with a copious alphabetical list of medicines, describing their qualities and effects when applied in different cases, and a complete treatise on rearing and managing the horse from the foal to the full-grown active laborer. 8^p. Philadelphia, 1856.

BROWN (T.) The complete modern farrier; a compendium of veterinary science and practice, showing the best and most successful methods for the prevention of all diseases to which farm live-stock are liable, and showing also the best and most successful methods for the curative treatment of these diseases, the subjects dealt with, including the breeding, management, and veterinary treatment of horses, for draught, driving, and racing; the rules of the Jockey Club, the breeding, management, and veterinary treatment of dairy and feeding cattle; with full instructions as to the prevention of tuberculosis, abortion, milk-fever, and other bovine diseases; the breeding, management, and veterinary treatment of sheep, dogs, etc. 8^p. Edinburgh & London, 1900.

CARVER (W.) The practical horse farrier, or the traveller's pocket companion; shewing the best method to preserve the horse in health, and likewise the cure of the most prominent diseases to which this noble animal is subject in the United States of America, the whole being the result of nearly forty years' experience, and an extensive practice. 12^p. Norristown, Pa., 1818.

COLE (S. W.) The American veterinarian, or diseases of domestic animals, showing the causes, symptoms, and remedies, and rules for restoring and preserving health by good management,

Medicine (Veterinary, Popular).

with directions for training and breeding. 16°. *Boston*, 1847.

DADD (G. H.) The American cattle doctor; containing the necessary information for preserving the health and curing the diseases of oxen, cows, sheep, and swine. 8°. *New York*, 1858.

—. The same. A complete work on all the diseases of cattle, sheep, and swine, including every disease peculiar to America, and embracing all the latest information on the cattle plague and trichina, containing also a guide to symptoms, a table of weights and measures, and a list of valuable medicines. 8°. *New York*, 1888.

DARDER Y LLIMONA (F. de A.) Manual práctico de veterinaria doméstica. . . Redactado en forma de diccionario y seguido de un formulario práctico para la preparación de medicamentos y de un tratado de posología para conocer la dosis que se puede administrar a cada especie. 16°. *Barcelona-Gracia*, [1894].

Memoirs for a natural history [etc.]—cont'd.

The same. **Memoirs** for a natural history of animals, containing the anatomical description of several creatures dissected by the Royal Academy of Sciences, at Paris. Wherein the construction, fabrick, and genuine use of the parts are exactly and finely delineated in copper plates, and the whole enriched with many curious physical and no less usefull anatomical remarks, being one of the most considerable productions of that academy. Done into English by a fellow of the R. S. To which is added an account of the measure of a degree of a great circle of the earth, publish'd by the members of the same academy. English'd by R. W. S. R. S. With an alphabetical table of the names of the several animals mention'd in this volume; and likewise an alphabetical index to make the work compleat. Publish'd by an order of the council of the Royal Society. 6 p. 1., 267 pp., 6 l., 29 pl.; 40 pp., 5 pl. roy. 8°. *London, J. Clarke*, 1701.

Memorabilien. v. 33-44, 1888-1903. 8°. *Heilbronn*.

Memorable events in the life of a London physician. See **Dickson** (Samuel).

Memorandum on the mode of detection of the ovum of *Ankylostoma duodenale* (muer's worm). 4 l., 1 pl. 4°. *London, Darling & Son*, 1904.

Memorandum of a plan of united action in the case of an epidemic of cholera; to be communicated to vestries and district boards by the metropolitan medical officers of health. 12 pp. 8°. *London*, [n. d.].

Memorandum referring to extracts from letters, reviews, and bibliographical notices of the publications of the Surgeon-General's Office. 19 pp. 12°. *Washington*, 1879.

Memorandum-book of cases and treatment. [P. H. Barthel's, Birmingham, 1859?] MS. 223 pp. 4°. [n. p., n. d.]

Memorandum-book containing domestic formularies for the treatment of diseases, and a family record of the writer, Rev. Archibald Moncrieff. MS. 84 l. 16°. [n. p., n. d.]

Memoria (in) di Antonio Quaglino. 62 pp., port. 8°. [*Milano, G. Cerrini*, 1895.]

Memoria científico-descriptiva de las aguas salinas sulfúneas sulfatado-sódicas de Carabaña (Provincia de Madrid) autorizadas por los Gobiernos de España y Francia, previo informe de sus respectivas Academias de medicina. 104 pp., 2 pl. 8°. *Madrid, G. Estrada*, 1885.

Memoria (Alla) di Francesco Marzolo. 200 pp., port. 8°. [*Padova, Sacchetti*, 1882.]

Memoria all' illustre comitato esecutivo della Esposizione d'igiene in Napoli 1900. 30 pp. 8°. *Bergamo, Fagnani & Galeazzi*, 1900.

Memoria sugli olij di fegato di merluzzo medicinali del dott. e prof. Dickson, e opinione dei più celebri medici suoi medesimi. 16 pp. 8°. *Napoli, G. Tullio*, 1863.

Bound with: DE BRUC (Carlo). Trattato pratico delle malattie degli organi generatori [etc.]. 8°. *Napoli*, 1864.

Memoria per servire al miglior ordine e trattamento degli espositi della SS. Annunziata di Napoli e del regno. 3, lviii pp., 3 l. sm. 4°. [*Napoli*], 1791.

Bound with: PEPE (Francesco). Parere dato al governo [etc.]. sm. 4°. [*Napoli*, 1788.]

Memoria sobre a utilidade e uso medicinal dos banhos de Estoril [etc.]. See [Ferreira] (Vicente) J[osé].

Memoria technica.

See **Memory** (*Aids to*).

Memorial: Alphens Spring Packard. 1798-1884. 1 p. l., 95 pp., port. 8°. *Brunswick, Maine*, 1886.

Memorial of Alonzo Benjamin Palmer. 196 pp., port. 8°. *Cambridge, Riverside Press, 1890.*

Memorial (A) in behalf of the medical officers [etc.]. See [Miller (J. O.)].

Memorial of certain commercial organizations of the city of New Orleans, La., in relation to bill (S. 3660) to create a bureau of health to prevent the introduction and extension of contagious diseases in the United States. [To accompany bill S. 3660.] 50. Cong., 2. sess. S. Mis. Doc. No. 7. Dec. 4, 1888. 2 pp. 8°. [*Washington, 1888.*]

Memorial of the citizens' committee against the abolition of the school board and in favor of Senate bill No. 1238. 49. Cong., 1. sess. S. Mis. Doc. No. 72. Presented by Mr. Ingalls Feb. 15, 1886. 11 pp. 8°. [*Washington, 1886.*]

Memorial of the citizens of the District of Columbia praying the passage of the bill to restrict the smoking of cigarettes, cigars, and the use of tobacco by minors in the District of Columbia. 51. Cong., 2. sess. S. Mis. Doc. No. 40. Jan. 10, 1891. 6 pp. 8°. *Washington, Govt. Print. Office, 1891.*

Memorial of citizens of Louisiana remonstrating against the passage of the bill (S. 650) to protect the manufacture and sale of lard. 50. Cong., 1. sess. S. Mis. Doc. No. 54. Feb. 13, 1888. Presented by Mr. Gibson. 2 pp. 8°. [*Washington, 1888.*]

Memorial from citizens of the United States praying the passage of the bill (H. R. 10881) relating to international copyright. 51. Cong., 2. sess. S. Mis. Doc. No. 42. Jan. 12, 1890. 1 sheet. 8°. [*Washington, 1890.*]

Memorial (A) of Constantine Horing. 364 pp., 1 pl., port. 8°. *Philadelphia, [1880, vel subseq.]*

Memorial Cottage Hospital, Midway Park, N. Y. Annual report of the management for the year 1887-8. 23 pp., 11. 24°. [*London, 1888.*]

Established in 1883.

Memorial of George Marvin. 9 pp. 8°. [*n. p., 1874, vel subseq.*]

Memorial (A) of Henry Wheatland. 77 pp., port. 8°. [*n. p., 1893.*]

Memorial Hospital Association of New London, Connecticut. Annual reports of the officers to the association. 3-6, 1895-6 to 1898-9; 8-10, 1900-1901 to 1902-3. 8°. *New London, 1896-1903.*

Chartered in 1893. A training school for nurses is connected with the hospital.

Memorial (The) Hospital Tablet. Published monthly in the interest of the Memorial Hospital for Women and Children. No. 10, v. 2, March, 1899. 8°. *Brooklyn.*

Memorial Hospital Training School for Nurses, Worcester, Mass. See **Memorial** Hospital, Worcester, Mass.

Memorial Hospital and Washburn Free Dispensary, Worcester, Mass. See **Memorial** Hospital, Worcester, Mass.

Memorial Hospital for Women and Children, Brooklyn. Annual reports of the officers to the members of the corporation, and reports of the Memorial Training School for Nurses. 8-10, 1895-6 to 1897-8. 8°. *Brooklyn, 1896-8.*

Items from the twelfth annual report. 19 pp. (illustr.) obl. 24°. [*Brooklyn, 1900.*]

Memorial Hospital of Worcester. Investments of the . . . as reported by the treasurer, at the annual meeting in December, 1882. 1 sheet. 4°. [*Worcester, 1883.*]

Annual reports of the treasurer to the trustees. 10., 1882-3; 13., 1885-6; 14., 1886-7; 16-18., 1888-9 to 1890-91; 20., 1892-3; 21., 1893-4; 26., 1898-9. 4° & 8°. [*Worcester, 1883-90.*]

Memorial Hospital of Worcester—continued.

Annual reports of the executive committee and officers to the trustees. 1-16., 1888-9 to 1903-4. 8°. *Worcester, 1891-1905.*

Incorporated April 20, 1871. Opened in June, 1888. First and 2 reports in one. First report for 18 months, ending Dec. 1, 1889. They contain the will of the late Ichabod Washburn establishing the following institutions: The Memorial Hospital, the Washburn Free Dispensary, and the Memorial Hospital Training School for Nurses.

Memorial by the managers of the New York State Reformatory at Elmira, relating to the recent investigation by the State Board of Charities, 1894. 24 pp. 8°. [*New York, 1894.*]

Memorial (A) meeting relative to the death of Thomas L. Buckingham, under the auspices of the Dental Societies of Philadelphia. 22 pp., port. 8°. *Philadelphia, Patterson & White, 1884.*

Memorial and reminiscences of Levi F. Warner, Boston, Mass. 86 pp., 1 l., 1 pl., port. 8°. *Milwaukee, Corbit & Skidmore Co., 1890.*

Memorial services and addresses upon the life of Aaron Friedenwald, collected by Harry Friedenwald. 44 pp., port. 8°. *Baltimore, 1903.*

Memorial Training School for Nurses, Brooklyn. See **Memorial** Hospital for Women and Children, Brooklyn.

Memoriale per il personale direttivo (ufficiali) della Croce Rossa italiana chiamato in servizio per esercitazioni e manovre. 128 pp. 16°. *Roma, Mantellate, 1900.*

Memoriale pratico dei medicamenti più recenti e delle nuove applicazioni terapeutiche di quelli già in uso. 96 pp. 16°. *Piacenza, G. Farari, 1890.*

Repr. from: Riv. ital. di terap. e ig., Piacenza, 1890, x.

Memorials of Agnes Elizabeth Jones, by her sister. 12. ed. xxxix, 486 pp. 12°. *London, J. Nisbet & Co., 1885.*

Memorials of Harvey, including a letter and autographs in facsimile, collected and edited by J. H. Aveling. 27 pp. 8°. *London, J. & A. Churchill, 1875.*

Memorials of James Henderson, medical missionary to China. 6. ed. 3 p. l., 230 pp., port. 12°. *London, J. Nisbet & Co., 1870.*

Memorials, etc., in relation to John Watson's charity for an in-lying and founding hospital. [First memorial, 1771; second, 1783. Recommending the establishment of lying-in hospital as the most appropriate disposition of the fund. By the professors of midwifery in the university.] 23 pp. 8°. [*Edinburgh, 1783?*]

Memorials of Richard Robert Madden. 20 pp. 8°. *Dublin, J. Falconer, 1886.* [P., v. 126; 127.]

Memoriam (In). Asa Gray. 49 pp. 8°. *Cambridge, J. Wilson & Son, 1888.*

Memoriam (In). Charles Rice. [Issued by the board of trustees of the College of Pharmacy of the City of New York, 1902.] 8 l., port. 8°. *New York, Robertson & Wallace, 1902.*

Memoriam (In). Daniel John Leech. 20 pp., port. 8°. *Manchester, Sherratt & Hughes, 1900.*

Mercurialis (Hieronymus) [1530-1616]. De morbis cutaneis et omnibus corporis humani excrementis tractatus, locupletissimi varique

Mercurialis (Hieronymus)—continued.

doctrina referti, non solum medicis, verum etiam philosophis magnopere utiles, ex ore Hieronymi Mercurialis diligenter excepti, atque in libros quinque digesti opera Pauli Aicardii. 18 p. l., 117 l. sm. 4°. *Venetis, apud P. & A. Meletos*, 1572.

— The same. Libri v. Opera Pauli Aicardii primo in lucem editi. 5 p. l., 421 pp., 14 l. 12°. *Basileæ*, [1577].

Bound with his: De peste in universum, [etc.]. 12°. *Basileæ*, [1577].

— The same. Quibus accessit secunda hac editione pulcherrimus tractatus de decoratione. 11 p. l., 94 ff.; 9 p. l., 38 ff. 4°. *Venetis, apud P. Meletum*, 1585.

— The same. Quibus tertia hac editione pulcherrimus tractatus, de decoratione. 11 p. l., 94 ff. 4°. *Venetis, apud P. Meletum*, 1589.

— De arte gymnastica libri sex, in quibus exercitationum omnium vetustarum genera, loca, modi, facultates, et quidquid denique ad corporis humani exercitationes pertinet, diligeuter explicatur. Editio secunda. 5 p. l., 308 pp., 14 l. 4°. *Venetis, apud Juntas*, 1573.

— The same. Dell' arte ginnastica libri sei. Recati per la prima volta in italiana favella dal sacerdote Giovanni Rinaldi da Forlì, con note. xx, 344 pp., 28 pl., port. 4°. *Fuenza, P. Conti*, 1856.

— De pestilente lectione habitas Patavii m.d.lxxvii mense Januarii. In quibus de peste in universum, præsertim vero de Veneta et Patavina, singularem quadam eruditione tractatur. A Hieronymo Zaecho, . . . ex ore ipsius diligenter exceptæ, atque in rapita divise. 3 p. l., 114 pp., 7 l. 12°. *Venetis, apud P. Meletum*, 1577.

Bound with: FERREIRUS (Joannes Castellanus). De communium morborum causis, [etc.]. 12°. [*Corduba*], 1572.

— De morbis puerorum tractatus locupletissimi, varique doctrina referti non solum medicis, verumetiam philosophis magnopere utiles. Ex ore . . . diligenter excepti, atque in libros tres digesti opera Jolannici Chrosczyozskij. 15 p. l., 107 ff. 8°. *Venetis, apud P. Meletum*, 1583.

— The same. Item de venenis et morbis venenosis; quibus adjuncta est censura Hippocratea. 3 p. l., 356 (3 l.), 134, 24 pp., 20 l. 12°. *Basileæ, C. Waldkirch*, 1584.

— The same. De puerorum morbis . . . in libros tres digesti: opera Johannis Grosceji. Addita Alexandri Tralliani de lumbicis epistola, cum ejusdem Mercurialis versione. Ejusdem de venenis et morbis venenosis libri ii seorsim editi. 3 p. l., 468 pp. 14 l.; 3 p. l., 168 pp., 4 l. 12°. *Francofurti, apud heredes Wecheli*, 1584.

— Censura de Hippocratis operibus. 24 pp., 20 l. 12°. *Basileæ*, 1584.

Bound with his: De morbis puerorum, [etc.]. 12°. *Basileæ*, 1584.

— De venenis et morbis venenosis tractatus; ex voce Hieronymi Mercurialis, opera Alberti Schelligii. 3 p. l., 134 pp. 12°. *Basileæ*, 1584.

Bound with his: De morbis puerorum, [etc.]. 12°. *Basileæ*, 1584.

— The same. Tractatus locupletissimi varia doctrina referti, nec solum medicis, verum etiam philosophis magnopere utiles. 168 pp., 4 l. 12°. *Francofurti, apud heredes A. Wecheli*, 1584.

Bound with his: De puerorum morbis tractatus. 12°. *Francofurti*, 1584.

— The same. In libros duos digesti, opera Alberti Schelligii. 7 p. l., 44 ff. 8°. *Venetis, apud P. Meletum*, 1584.

Bound with his: De morbis puerorum, [etc.]. 8°. *Venetis*, 1583.

Mercurialis (Hieronymus)—continued.

— The same. 8 p. l., 44 l. 8°. *Venetis, apud P. Meietum*, 1588.

— Censura et dispositio operum Hippocratis; denuo edita locupletior atque emendatior. 47 pp. 16°. *Francofurti, apud heredes A. Wecheli*, 1585.

— Another copy, bound with his: De morbis puerorum, [etc.]. 12°. *Basilea*, 1584.

— De decoratione liber, non solum medicis et philosophis, verum etiam omnium disciplinarum studiosis apprime utilis; a Julio Mancino exceptus et in capita redactus. 9 p. l., 38 ff. 4°. *Venetis, apud P. Meietum*, 1585.

— Bound with his: De morbis cutaneis [etc.]. 4°. *Venetis*, 1585.

— Another copy, bound with his: De morbis cutaneis [etc.]. 4°. *Venetis*, 1589.

— The same. Additi nunc primum duo tractatus; alter de varicibus, alter de reficiendo naso; nunquam antea editi. 3 p. l., 199 pp. 16°. *Francofurti, apud J. Wechelum*, 1587.

— Bound with his: Censura et dispositio operum Hippocratis [etc.]. 16°. *Francofurti*, 1585.

— Variarum lectionum, in medicinæ scriptoribus et aliis, libri sex, ab auctore aucti et recogniti. Quibus adjecta sunt capita sex antea nunquam edita. 158 l. 4°. *Venetis, apud Iunctas*, 1588.

— Medicina practica, seu de cognoscendis, discernendis, et curandis omnibus humani corporis affectibus, eorumque causis indagandis, libri v. In Patavino Gymnasio, olim ab ipso publice prælecti, et post obitum auctoris publici boni causa, in lucem edita, studio et opera Petri de Spina. Postrema editio a mendis repurgata et elucidata. 3 p. l., 809 pp., 26 l. roy. 8°. *Lugduni, A. Pillehotte*, 1618.

— The same. 3 p. l., 809 pp., 27 l. 8°. *Lugduni, A. Pillehotte*, 1623.

— Liber responsorum et consultationum medicinalium; nunc primum a Michaele Colombo collectis et in lucem editis. 11 p. l., 501 pp., 8 l. 12°. *Basileæ, C. Faldkirch*, 1688.

Antidotarium domini Nicolai. Cophonis inter medicos celebris isagoge. Summula Jacobi de Partibus per alphabetum super plurimis remediis ex antidotario ipsius Mesue excerptis. Quæ omnia unepirine castigata fuerunt. 315 ff.; 16 ff.; 16 ff. 16°. *Lugduni, 1540.*

[Fo. cxcv begins:] per Benedictum Bonnyon, 1539.]

The same. Opera divi Joannis Mesue medicorum evangelistæ celeberrimi præclara opera, non pauca artis medicæ studiosis utilissimâ, scitque necessaria complementa: quæ non solum quam hæctenus fuerint unepirine castigatiora, verum etiam multo locupletiora (adjectis perque doctorum virorum commentariis et additionibus) reddita sunt: ut candidissimæ cuique lectori constabit, singulas tractatum inscriptiones, quam congrua serie digestas proxime sequens pagina continet, disponenti. Accessit his quæ præscripta sunt diligenter contextus index, quo citra longæ inquisitionis laborem dirigetur candidus lector, ad ea quæ scire voluerit in promptu comperienda. 335 ff. fol. [n. p., 1541.]

In antidotarium Joannis filii Mesue cum declaratione simplicium medicinarum, et solutione multorum dubiorum ac difficilium terminorum. Adjecto facillimo atque copioso indice, necnon et receptario castigatissimo cum suo repertorio. Opus sane quibuscunque tam medicina studiosis, quam aromatariis, ntile et necessarium. [Ad finem:] Impressum Venetiis per Bartholomæum de Zanuetis Brixiensem, anno Domini m.d.xliiii. 25 p. l., 328 pp., 84 columns, 3 l. fol. [Venetia, 1543.]

The same. Incipit antidotarium egregii Jo. Damasceni partibus xii distinctas. [Ad finem:] Johannes Nazareni filii Mesæ grabadin medicaminum . . . explicat . . . cum Dei auxilio . . . 1426 die 26. Octobri. MS. 38 l. fol. [n. p., n. d.]

Bound with: Manuscript Codex of the fifteenth (?) century.

Ex canouibus universalibus, et ejus expositoribus, de balneis excerpta.
